REVIEWS HAYLEY MAYNARD

WWW.CLEARDOCS.COM

Are your clients crying out for more easily accessible legal documentation? If so Cleardocs may offer a solution. With a view to the increasing demand for more straightforward language, Cleardocs is an online system providing simple and easy to use legal and related documents, making them readily understood by clients.

Cleardocs founder and CEO Christopher Balmford is an internationally renowned expert in plain language. Maddocks law firm oversees, approves and signs off on all documents, and also provides a free legal support line.

It's easy to access what you need on the Cleardocs website. Just click on products and view the current list of documents available, including superannuation and discretionary trusts. If you're inclined, you could take an interesting walk through the company's history files and read about the advantages of using plain language in legal documentation.

Documents are shaped by answering specific questions so they'll be personalised for your clients' specific needs. They'll be emailed back to you within minutes and existing documents can be accessed and edited at any time at no extra cost.

Cleardocs impressive range of clients include AMP, BNP Paribas and David Jones, as well as a host of government agencies. Costs are competitive and no set-up, licence or subscription fees are payable.

WWW.WHIRLPOOL.NET.AU

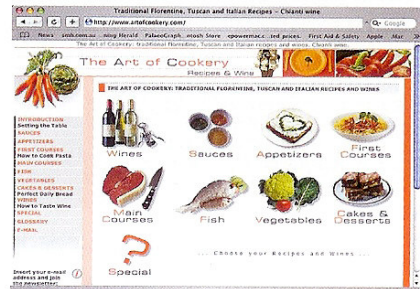

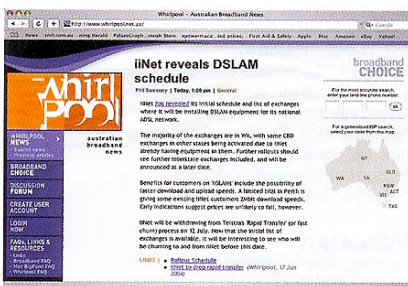

If you're as yet unsure of the benefits that broadband might bring to your workplace then visit Whirlpool, an independent community website dedicated to relaying up-to-date information about the status of broadband technology in Australia.

Maintained by passionate volunteers who really know their stuff, the site is a meeting point for one of Australia's largest online tech communities (with over 40,000 registered users) and a portal for news and information.

If you're thinking about connecting to broadband or want to update your existing Internet service provider (ISP), go to the plan search option, which lets you search for the best residential broadband plan according to location, cost, pre-paid megabytes and speed. Hardware availability offers a full listing of products with images at online discount prices.

If you already have broadband but don't feel you're getting the best deal, or you just want to impart some of your own valuable insight, go to the discussion forum for interesting chat between members or view technical support feedback covering queries such as choosing an ISP to buying overseas airline tickets online.

There's lots of technical banter on this site but much valuable information as well. Learn what broadband can offer beyond increased speed and efficiency and keep track of exchange upgrades in your area.

WWW.ARTOFCOOKERY.COM

If you're looking for a taste of the real *Italia*, this site will guide you through all the necessary preparations for an authentic Italian feast. View many carefully selected renditions of Florentine and Tuscan recipes, handily segregated into their appropriate courses, from antipasti through to dessert. And, learn how to make fresh bread and pasta in true Italian style – all dishes are made using traditional Italian cooking methods.

This well presented site is easy to navigate and stuffed full of delicious recipes you probably thought you could never cook. If you're planning a dinner party, this site is great because it takes you step-by-step through each process, even considering table layout and appropriate wine selection. It is a handy resource for those cooking for one and looking for variety.

Extras include tips on wine-tasting and how social and historical traditions have been formed through Tuscan cookery.

Despite their appetising qualities, the dishes don't take too much effort. The Italians would say *basta poco* which, in a roundabout way, means mouthwatering results from comparatively little effort. The best thing about this site is its authenticity. No need to sift through the multitude of Italian cooking variations, on this site you'll find only the real thing.

And, remember, Europeans always do business over a meal!
